

Tamper-Evident Courier Envelope Solutions

Ready to boost demand for courier envelopes?

We've got you covered.

Designed specifically for bag manufacturers, our security tapes enable you to manufacture **tamper-evident courier envelopes** for the same cost as regular courier envelopes.

Given that global e-commerce sales are projected to reach more than \$4 trillion within the next 12 months, the sooner you offer a more secure bag for the same price, the sooner you can **grow your sales**.

Be your customers' hero in this rapidly growing market. Give them the product they need to address consumers' hygiene and safety concerns while protecting their bottom line.

Never dealt with security tape before? Don't worry! Our team can help you through every step of the tape application process.

Key benefits to security bag converters

Be the first to offer a secure courier envelope for the same cost as regular envelopes

Take advantage of rising customer demand for e-commerce packaging

Cater to the needs of price-sensitive consumers

Increase output by 20%. Our larger rolls deliver more productivity by reducing machinery stop time

Ideal for courier bags and e-commerce bags

Secure transportation of:

- Luxury items
- Electronics
- Jewelry
- Personal-care products
- And much more!

The Tamperguard Advantage

Obvious signs of tampering from -80 C (-112 F) to +80 C (175 F)

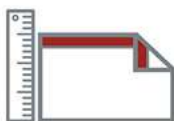

19 mm (3/4 in.) of adhesive specifically designed for security applications

Rubber-based hot melt that lasts for years

Up to 2,000-metre (6560 ft.) flat rolls
Up to 10,000-meter (32 800 ft.) spools

Shorter flap requirement saves 25 mm (1 in.) of PE film per bag
